Our Half-Day Sea Kayak Adventures

At FreshAir Adventure, we are delighted to offer tour packages designed for the whole family. From the age of two to ninety-two (no exaggeration!), people of all ages can enjoy paddling on the Bay of Fundy with our experienced and very charming guides.

That said, the Bay of Fundy is oceanic, and it must to be treated with the respect it deserves: It can be amazingly calm and tranquil, but it can also be as rough and windy. Rough weather is unusual in the summer, but after more than 20-years in the business, we have a fine sense of weather patterns.

To give you an idea of the best time to pick a tour for yourself, for you and the kids, or for friends who may not be super-confident on the water, we have created a Five-Star "Level of Difficulty" ranking system, shown below. If you have any other questions about the best time to book a tour, please give us a call, or drop us an email and we will be happy to help.

STARS	WE CALL THIS	YOU WANT TO KNOW ...
★	Easy Paddling	On a flat day, the entire Bay is easy paddling, however, we cannot predict flat days so this rating applies to Estuary Tours only.
★★	Moderate Effort	Suitable for everyone! This is a high-tide launch, so easier to start with. Paddling with kids under 12? Parents generally do 90% of the work; be prepared.
★★★	Potentially Tough	A greater challenge. This tour starts on low tide (between May and Aug 1), which can mean tougher launch conditions. Tough guys will laugh in the face of adventure; normal people may struggle. If paddling with children under 12, this could be a challenge.
★★★★	Hard Work	YOLO: This applies to tours that begin on a low tide in August when the winds traditionally get stronger. We do not recommend this to parents with children under the age of 14. Inexperienced paddlers may find this a tough workout.
★★★★★	Blood, Sweat, Tears	Does not apply to Half-day Tours. If we think the weather rates Five Stars, we will reschedule to a better time. (Five Stars applies to Surf Ski Tours for experienced paddlers).

Important Note:

These ratings assume worst-case conditions based on historic weather patterns. Since weather conditions change daily (and alter year-to-year), what is rated above as a Four-Star paddle, could actually be a lovely and calm Two-Star paddle! If you have any questions, please feel free to call. We will help find the best paddle experience for you and your family and friends.
